EDUCATION

Pune Institute of Computer Technology **2022–2026**
*B.E. (Electronics and Telecommunication Engineering) – CGPA: **8.53*** *Pune, India*

Akola Art's Commerce & Science Jr. College, Akola **2020–2022**
*Higher Secondary Certificate – Percentage: **90.17%*** *Akola, India*

Shri Gajanan Maharaj English School, Shegaon **2007–2020**
*Secondary School Certificate – Percentage: **93.20%*** *Shegaon, India*

EXPERIENCE

Progrentures Solution Pvt. Ltd.  **Jan 2025 – May 2025**
Full-stack Developer & UI/UX Designer

- Designed **10+ responsive wireframes** in Figma, emphasizing clean layouts, cross-device compatibility, and modern UI/UX standards.
- Developed a modular web application in a **3-member team** using **React (TypeScript)**, styled components, and RESTful APIs for scalable performance.
- Integrated **Razorpay** for **checkout** and built backend services using **Node.js**, **Express**, and **MongoDB**.

PROJECTS

Real-Time IDS  | *React.js, Node.js, Socket.IO, MongoDB, Tailwind CSS* [GitHub](#)

- Built a real-time intrusion detection system that flagged **5 major attack types** with **<2s latency** and maintained **zero false positives** in controlled environments.
- Handled **70+ concurrent clients** using **Socket.IO**, ensuring **<150 ms UI response time**.
- Integrated **MongoDB** for persistent intrusion logging and improved detection throughput by **30%** with threshold tuning.

CrickTrack  | *React, TypeScript, Express.js, MongoDB, Tailwind CSS, Render* [GitHub](#)

- Built a real-time score tracker for local cricket matches with **ball-by-ball updates**, second innings logic, and post-match summaries.
- Designed a responsive UI using **Tailwind CSS + shadcn/ui**, tested on **10+ devices**, and deployed on Render for public use.
- Implemented **JWT authentication**, dynamic routing, and **RESTful API** integration to enable secure access and seamless data flow.

LiveTalk  | *React.js, Node.js, Socket.IO, Tailwind CSS* [GitHub](#)

- Developed a full-stack chat app with **under 300ms latency** and tested on **5+ screen sizes** for responsiveness.
- Created **10+ reusable components**, integrated **JWT authentication**, and enabled **5MB image uploads** via **Cloudinary**.
- Maintained chat delivery accuracy at **100%** with **zero message loss** across **multi-user sessions**.

SKILLS

Programming Languages: C++, JavaScript, TypeScript

Web Development: HTML, CSS, Bootstrap, Tailwind CSS, React.js, Node.js, Express.js

Database & Cloud: MySQL, MongoDB, Cloudinary

Developer Tools: VS Code, Git, GitHub, Figma

Coursework: Data Structures and Algorithms, OOP, Operating Systems, Network Security, DBMS

Competitive Programming: Codeforces – Pupil (Max Rating: 1306), LeetCode – Rating: 1739, 800+ problems solved across known platforms, CodeChef – 2★ (Max Rating: 1525)

ACHIEVEMENTS

- Achieved **Global Rank 24** in **CodeChef Starter 161** among thousands in a rated global contest.
- Secured **48th team rank** in **ZS Campus Beats Tech Challenge 2025**
- Research on **“ML-Based Intrusion Detection”** accepted at **ICCCNT 2025 (IEEE)** and **ICT4SD 2025**; presented at **IIT Indore**, July 6–11.
